Program Notes

Waterdance: Summer - a lake before sunrise - with Dawn, the myriad varieties of life in and about the lake slowly awaken and, in the heat of day, skip and skate across the water as if in a frantic ballet. Evening - and with the exception of a brief and final flurry of activity, the quiet of night brings the concluding action of the dances to a close.

A Scottish Portrait:

- I. **Will Ye No Come Back Again?:** After the defeat of Bonnie Prince Charlie at Culloden and his darling escape back to France, there were still many who hoped that he would some day return.
- II. **Scotland The Brave:** Many a Scot will long debate that this patriotic song should be the unofficial national anthem of their beloved country.
- III. **The Highlander's Farewell:** This delightful folk tune dates all the way back to the end of the 18th century. Its popularity as a source of international pride and celebration has caused many a person with Scottish ties to frequent their favorite pub and join other patrons in a rousing rendition of this song.

To Challenge The Sky And Heavens Above draws its inspiration from the rich aerospace history surrounding the Huntsville, Alabama area. The creative seeds of the composition were found in the novel **October Sky** by Homer Hickam. This piece draws upon the vision and bravery of those who soared through the heavens above.

A Movement for Rosa, was commissioned by the Florida Bandmasters Association, and was composed and orchestrated over a three-month period. With a duration of approximately 11 minutes, this 'movement' - - a quasi-tone poem - - contains three contrasting sections. Section I evokes Rosa's early years, from her birth in 1913 to her marriage in 1932. Section II portrays years of racial strife in Montgomery and the quest for social equality. The third section is one of quiet strength and serenity. The hymn, We Shall Overcome (foreshadowed in section I and II by motivic fragmentation), is heard in its entirety near the end. The work's final measures serve as an ominous reminder of racism's lingering presence in modern American society.

Synergy Rising: Synergy is defined as the interaction of two or more agents or forces so that their combined effect is greater than the sum of their individual parts. This piece was first played the year of the merger of Berea and Midpark High Schools.
